

OUR STORY AS FEMALE ENGINEERS

4768D • 2016-2017

We knew from the moment we were born. We are engineers. We may fail. We may lose. But we never give up.

**“If ‘Plan A’ Didn’t work,
The alphabet has 25 more letters!
Stay Cool.**

-Kane Arreo

**“If you want the rainbow,
You have to deal with the
rain.”**

-John Green

**“You are a ghost driving a meat covered
skeleton,
Made from stardust,
Riding a rock floating through space,
FEAR NOTHING!”**

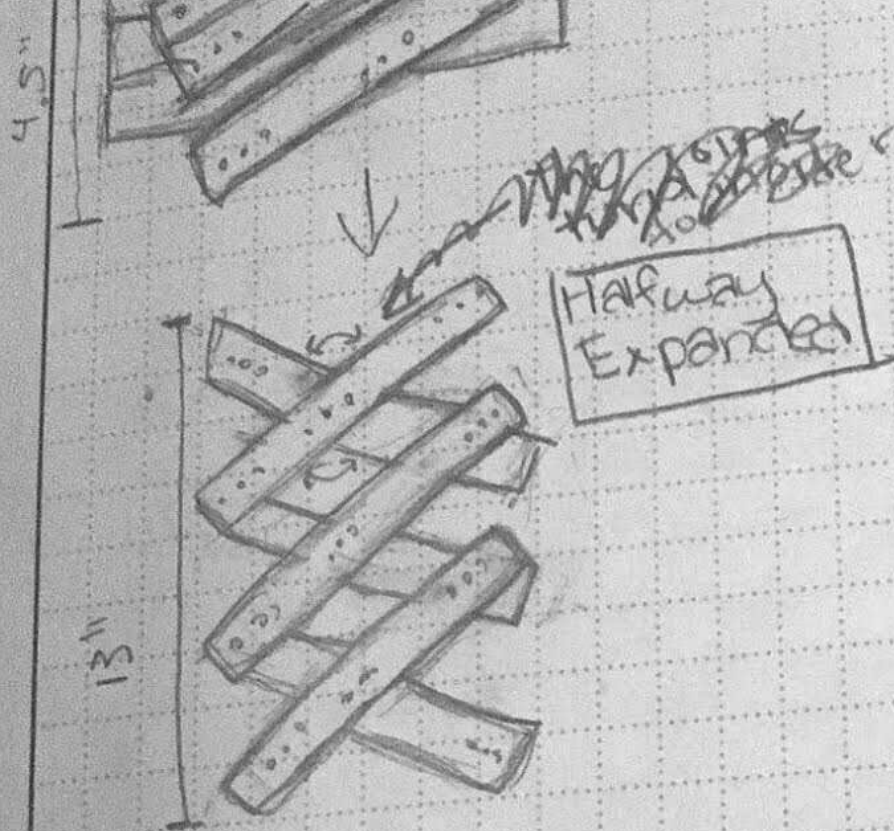

-Unknown

**“Life is tough, my
darling, but so are
you.”**

**-Stephanie

Never give up!

-Unknown

It must be strong enough to hold up stars and cubes even while it is expanded

What makes us engineers?

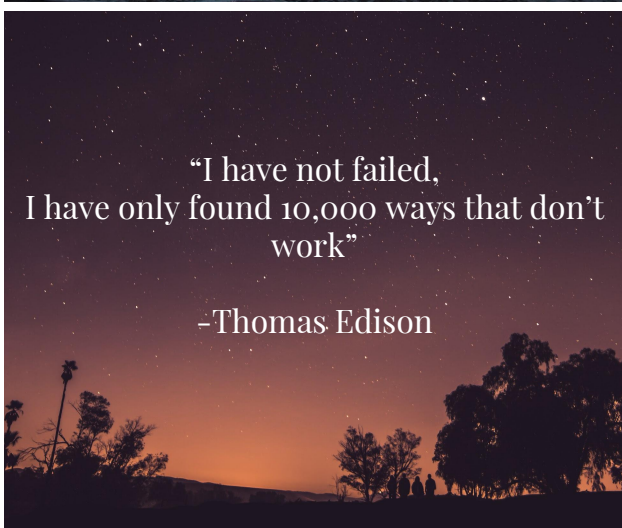

We have created

Perseverance

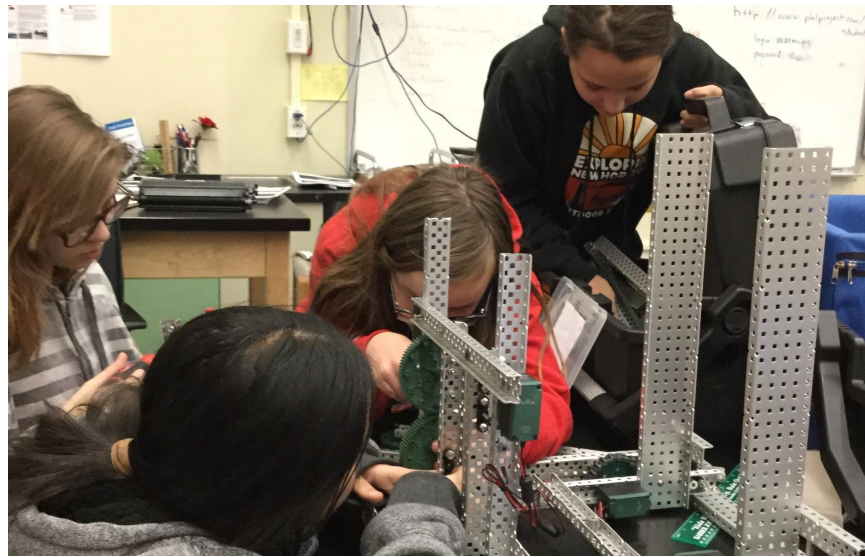

“I have not failed,
I have only found 10,000 ways that don't
work”

-Thomas Edison

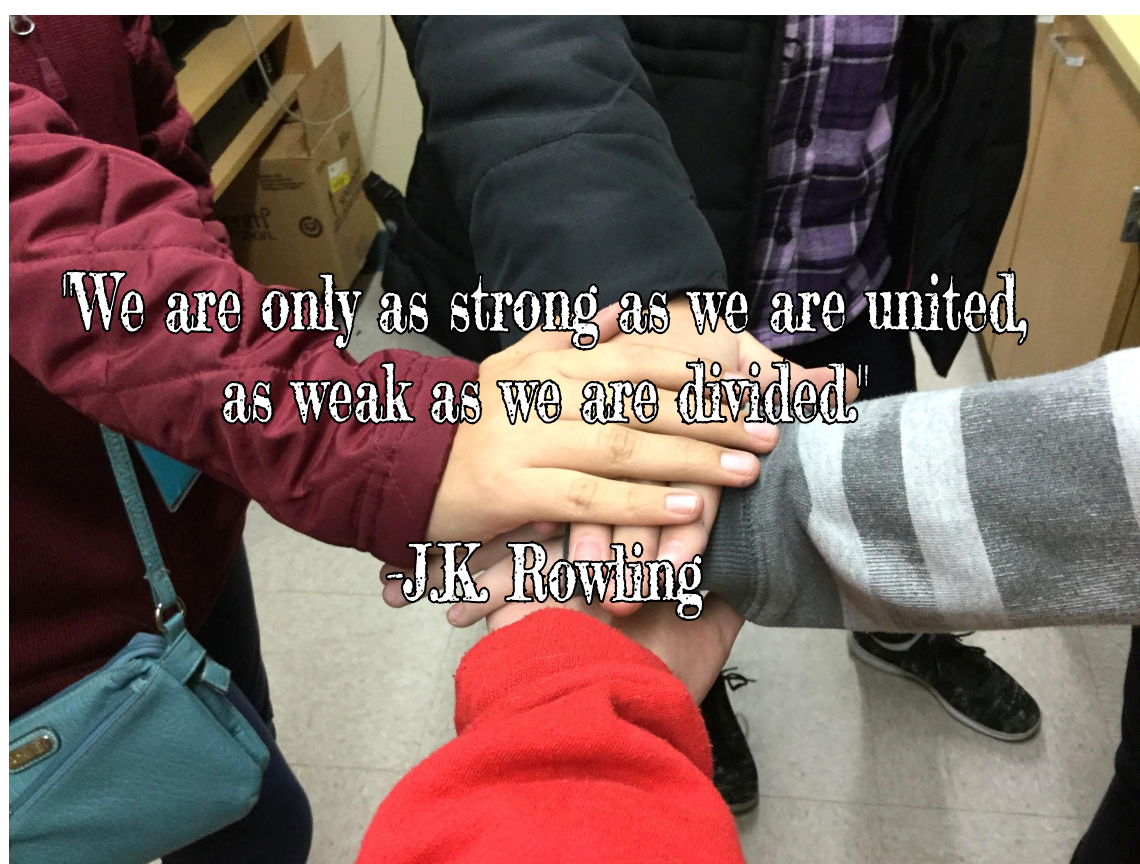

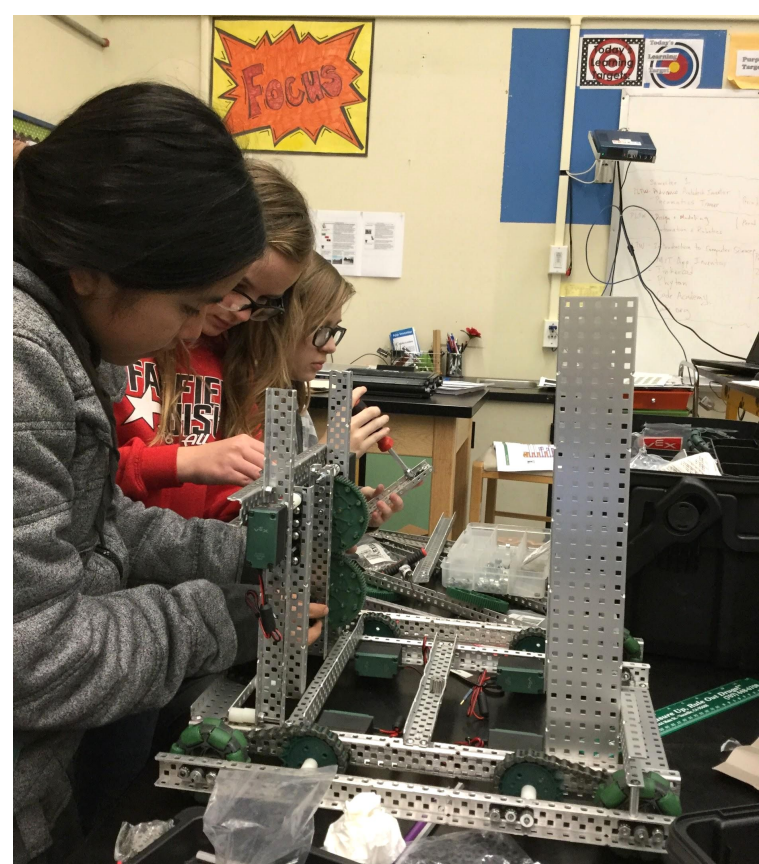

Helping Others

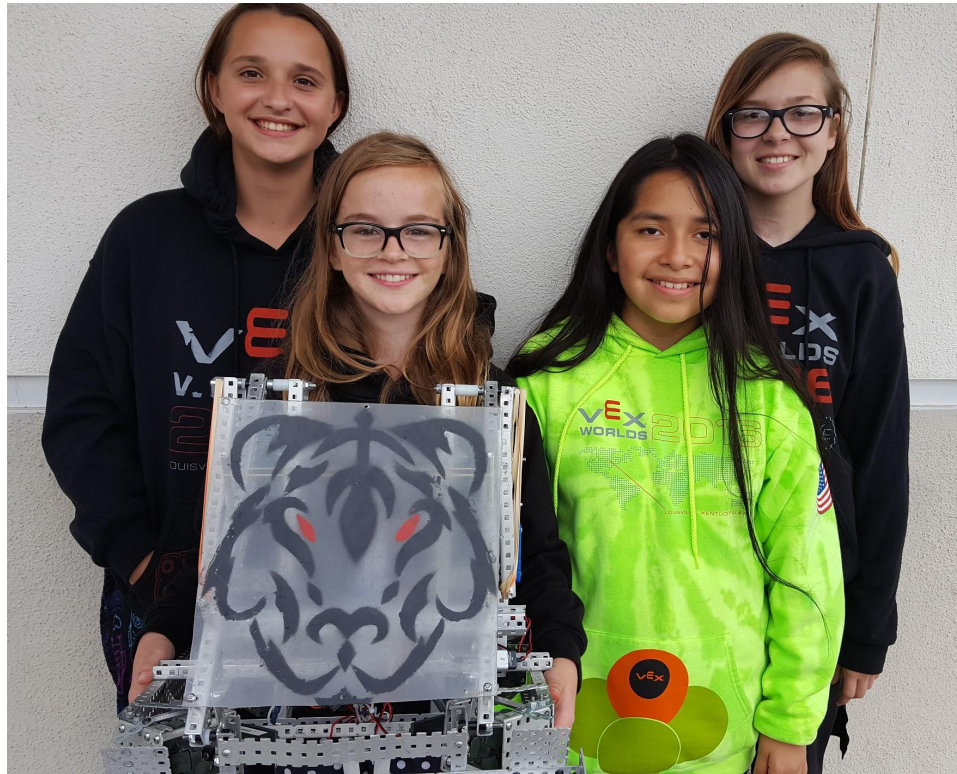

Working Hard

"We are only as strong as we are united,
as weak as we are divided."

-J.K. Rowling

And Teamwork

We may have other
passions

But robotics is
what brings
us together.

We are 4768D,
and
we are engineers.
