

Our second competition occurred shortly thereafter. We improved the robot and updated our autonomous programs. Crystal perfected her driving by scrimmaging other 200 teams. The first competition gave us confidence and we were stoked for the second. The team members assumed their competition roles quickly and confidently. Another 12 thrilling hours later, 200G made it yet again to quarterfinals as Alliance Captains for seed 8.

As the judges came to understand our team, they were very interested in our story as an all girls team.

We each shared our experiences with the judges and it was at this moment that I felt as if we were a true family sharing the same passion, working towards the same goal. The judges felt the same, as we received the Judges Award.
