

## **Sharing Your Happiness Can Bring More Supportive**

We design a luggage tag as a souvenir to spread out our happiness to other teams. We understand that most of the teams will travel all over worlds to join the Worlds Championship. We realize that luggage tag is very important to the teams to regionalize their luggage bags or carry-on bags. Therefore, we design a luggage tag include SDF because it is a place hold VEX Worlds Championship in 2018 and the license plate for making a personal luggage tag. Hope everyone remembers your own journey and hang on your luggage bags to show us some support.
