## Ready for Anything

Even though covid is in the midst and we are in a pandemic environment, we still need to work together. Not only work together, but unite! We can wear face masks and wash our hands to keep healthy and protect others but that doesn't mean we don't work hard and do our best. Vex IQ has brought us together and helped us to remember why it is important to stay in school and why we are very lucky to be in school. We are fortunate enough to compete even if it is just amongst ourselves. We are so appreciative that Vex IQ robotics has continued to function in spite of setbacks. By them continuing, it compels us to move forward too.
