

We are unaware of what will occur next. However, Vex Robotics teaches us that if we can adapt to problems in a match, we can adapt everywhere else too. The joy of participating in robotics unites us. The memorabilia and game objects presented symbolize how we have taken existing knowledge and used it to adjust to current situations. They are purposely placed behind the laptop to show our past experiences in Vex Robotics. In the center, a video call displayed on a computer represents our future and the excitement of the unknown.
