

Students for Hire!

Poster by: Reuben and Mattijs (Mat+ice)

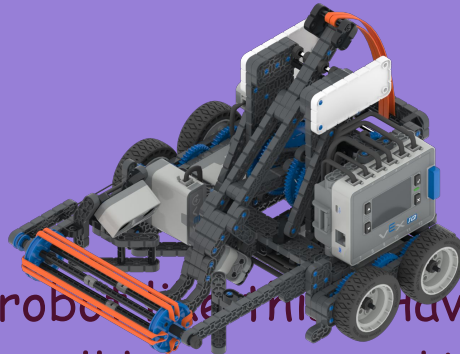

Team number: 10434R

Location: Irvington Community Middle School, Indianapolis Indiana

Join our team!

It's fun, it's amazing, it's Robotastic!

Our team will focus on you, the students. Our leaders will help with questions and teach new ways of thinking about a problem.

Have you ever seen a robot like this? Have you ever wanted to make one or drive one, well here you can! You will as a team, compete in competitions, learn to connect parts, code motors, and make fun mechanisms to complete goals. These are just the basics. Come join and you will love your experience.
