

# **VRC High School - Poster Design Online Challenge**

**“With Challenge Comes Change”**

**By: Katelyn, Ashlyn, and Clay**

**Hope Robotics  
19589A  
Bluff City TN**

## **Description:**

Our poster was designed and created to express how the challenge of Vex Robotics has changed since we started robotics. We used our pictures of past tournaments and the different game designs to highlight those changes. As you can see in the poster design, the challenges have changed each year but we as individuals and as a team have also grown.
