DEL VALLE MIDDLE SCHOOL EL PASO, TEXAS USA**

Design Process For Our Pitchin Poster

We decided to design our poster so that it incorporates a little of who we are, what we do, and how much fun we have doing this. Also, our poster was hand made that way all of us could contribute our creativity to the work. It is based on the parts that make the whole thing come together - much like when we all contribute and work as a team on a project it all comes together great!
