

The VEX JETS are a group of students who attend Joe Walker middle school's VEX program. Who put a plethora of work into our projects and community.

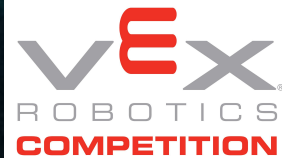

Our group number is: 4073G

We are located at Joe Walker middle school, 5632 W Ave L 8, Quartz Hill, CA 93536

The participants include: William, Alex , Andy, And Landen

# JOE WALKER VEX JETS

VEX Robotics provides kids with the technical and interpersonal skills that will help them in the future. Vex Robotics allows an opportunity for critical thinking. Vex inspired us to join the program with the aspect of being able to innovate ideas and create many things with hands-on experience. If you like programming, creating, and, building then this would be a great time to sign up for VEX Robotics.

# Behind the scenes

- Our group added text that inspired people to join vex.
- We began by adding the VEX Jets location and added our team number.
- We stated all of the team members' names on 4073G.
- 4073G members added images that were related to VEX/VRC.
- We added the background made by the previous “VEX JETS.”
- Once we completed the Poster Design challenge we added behind-the-scenes and restructured our layout.
