STEM STRUCTURES THE ADVANCING WORLD AND IT IS OF ESSENCE THAT WE ARE EDUCATING THE GROWING MINDS OF OUR PLANET. STEM BRANCHES OFF INTO MANY INDUSTRIES THAT WILL BE OF USE TO MANY PEOPLE AROUND THE WORLD. THIS POSTER AIMS TO REPRESENT HOW VEX CAN OPEN NEW DOORS AND OPPORTUNITIES THROUGH THE PATH OF STEM.

OUR DESIGN PROCESS STARTED AS A TEAM. WE SAT DOWN AND DISCUSSED WHAT WE FIND MOST IMPORTANT IN VEX ROBOTICS

KEEPING TO THE GUIDELINES WE SET OURSELVES, ANIK STARTED ON SOME BASIC SKETCHES OF POSSIBLE DESIGNS

USING AUTODESK SKETCHBOOK, AND A DRAWING TABLET, ANIK DREW AND COLOURED A POSTER, SHOWING WHAT WE DISCUSSED PREVIOUSLY

WE LOOKED BACK ON THE POSTER AND HOW WE COULD IMPROVE IT. ANIK POINTED OUT HOW IMPORTANT COLOUR WAS, AND HOW A GOOD POSTER NEEDS TO BE WORTH ONE STOPPING AND HAVING A LOOK.
