

Drive to Thrive

Maya and Olivia

9393G

Rockway Middle School Miami FL

Confident student with a strategy is driving the robot, working through the pandemic on their own, persevering. The pandemic caused their team to split given the many quarantines due to Covid. She has not lost hope and is willing to compete even with difficulties. Life is full of challenges, goals, rings, and platforms, there is no other option...just drive to thrive; we have the remote control.
