Once upon a time, all of the Tiny-Twizler people were living peacefully on their mountains, away from humans and harm, listening to their favorite songs on the radio, dancing at parties or devouring 4 foot tall pancake towers with loads of syrup, sprinkles, and whipped cream everywhere! Then suddenly, they all froze and turned to see two MASSIVE dragons! One dragon was on the North side of the Tiny-Twizler's mountains with cold, icy blue eyes and ENORMOUS blue wings! The other dragon was on the South side of the mountains, with red eyes blazing with fire and HUGE luscious wings about half the size of a mountain! All of the Tiny-Twizlers in the mountains instantly got worried about what would happen when soon, they realized the two, angry dragons were in a battle.... a battle to claim the Tiny-Twizlers and their town!!

Meanwhile, in the peaceful town of Twizville, everyone was living their happy, normal lives. People shopping for the perfect birthday gifts, eating waffles, and happily hanging out with their friends- until one day..."BOOM!". Two SUPER-HUGE, red and blue fire breathing dragons appeared in the mountains on the other side of Twizville, disturbing the peaceful town. The blue dragon, often known as Twiz and the red dragon often known as Spark were having a Battle! This soon became known as the Battle of Twizville.

With all the people of Twizville Town anxiously watching and waiting to see what happens, Twiz and Spark are going to compete to see who can gather the most Tiny-Twizlers in one minute. Everyone is now wondering, who will win the epic battle?

The rules are simple in this battle. The dragons will start in one of the 6 starting caves. They will start in different caves on opposite sides of the Twizville-Mountain. The dragons will have one minute, or sixty seconds to see which dragon can scoop up the most Tiny-Twizzlers. The dragons must try to get the Tiny-Twizzlers into the main Dragon-Nest, but if they are unable to, they will put them on the Cliff right below the Dragon-Nest. Each Tiny Twizler they get into the Dragon-Nest rewards them with 6 health points. Each Tiny Twizler they get on the cliff rewards them with 2 health points. If they scout out the 5 Tiny Twizzlers hidden on each side of the Twizville Town, they are rewarded with additional health points. If they hang on the edge of one of the two Low-Tree-Branched by their tail, they will gain an additional 6 points! If they hang on a High-Tree-Branch by their tail, they will gain 10 additional points! The dragons are able to score up to 152 points.

In the end, when the Dragons have finished the battle, Twiz the blue dragon gets more Tiny-Twizzlers than Spark the red dragon and he feels bad about it, so Twiz gives some Tiny-Twizler points to Spark and they finally see they work better as a team than going against each other as enemies. This was an amazing enemy to friend battle that went down in history and eventually became known as the Battle-Of-Twizville. This very important "battle" has made a very great impact on many young people across the globe.
