

2022-2023 vex robotics poster submission DMMS

Names: Rowan Hunt, Robin Gilbert

Team Number/name: Excelsior #81101D

Location: Mankato, MN Dakota meadows middle school

2022-2023 vex robotics poster submission DMMS

Description: There is a circle in the middle with a drawing of a robot in the middle. There are wires on the right side, and gears on the top left. There is a motherboard below it. Text below the robot says "Join Vex Robotics." the Os are nuts and one of them has a wrench near it. There is a spin up disc saying the dates of robotics practices and room number.

Design process: Everything was sketched out in pencil first, then color was added using a mix of colored pencils and markers.
