6111C

APEX, NC, USA

THIS IS 6111C'S FIRST YEAR PARTICIPIATING IN VEX IQ ROBOTICS, AND WE JOINED BECAUSE WE LOVED ENGINEERING, THINKING CRITICALLY, AND COMPETING AGAINST LIKE MINDED PEOPLE.

THAT'S WHY THIS POSTER SHOWS HOW ROBOTICS CAN HELP YOU BOOST YOUR TALENT FOR ENGINEERING, AND HELP YOU LEARN ESSENTIAL LIFE SKILLS.

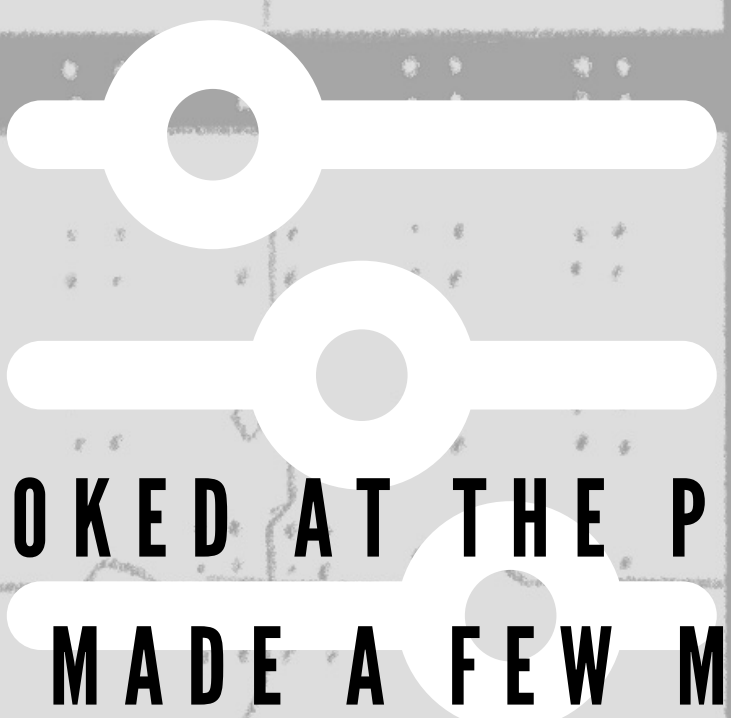

1ST WE BRAINSTORMED IDEAS AS A TEAM, AND DISCUSSED WHAT WE THOUGHT WAS IMPORTANT IN VEX ROBOTICS.

AFTER AVNI MADE A FEW DRAFTS OF THE POSTER.

THEN USING PROCREATE AND AN IPAD AVNI DREW THE FINAL POSTER DESIGN.

WE LOOKED AT THE POSTER AND MADE A FEW MORE IMPROVEMENTS.
