**Students Participated:
Isabella & Noreen**

**Team Number:
8111b**

**Location:
28014 S Monterey Dr, Rancho
Palos Verdes, CA 90275
(Dodson Middle School)**

This poster has information about how VEX IQ can be helpful with your goals and skills, along with giving minorities a chance to be more experienced in the STEM field, so they can have more experience in the future since minorities are most often denied jobs in STEM because of their background.

VEX IQ ROBOTICS COMPETITION

VEX Robotics gives minorities a chance to be more experienced in math, science, and engineering as well as get them better prepared for their dream jobs.

VEX will introduce you to real-world problem solving, collaboration, engineering, coding, and other skills that will help you throughout life.

VEX can be a stepping stone to your dream schools and dream life.
