# **The Rise of Octavious**

Daniel writes the code, it goes haywire, Doctor Octavius (Doc. Oc comes to , we don't know this and go to a competition, doc Oc loses and gets upset, doc starts throwing the disks at the judges, we try to calm doc down, but it upsets doc more, doc tries to kill us but then realizes you're its creators and runs away instead. You're sad but then doc Oc comes and says sorry to you. Doc Oc has learned that it's not always about winning

- The robots are trying to go to a match to get more experience
- The field objects represent the robot learning that it's not all about winning
- A victory represents the robot learning.

The field for the game

blue has more points than red

Blue owns the rollers

Red has less points than red

## [The rise of Octavious script]

*Lightning flashes and thunder clashes outside as Daniel is inside a classroom on his laptop while kids all around him are moving about getting ready for the day about to come tomorrow*

Daniel: hey can you give me the robot I need to download a code

Clara: ok

Daniel: thank you

*A on Daniel's computer notification popped up saying "computer battery low plug in your computer"*

Clara: I'm going to go get water

Daniel: alright

*Daniel goes to look for a place to plug in his computer and he finds one in the wall*

Daniel: this is fine I'm sure nothing will happen

*Daniel plugs the laptop into the robot and starts to turn on the robot*

Daniel: *\*under breath\** great

*As the code finally configures and is almost finished downloading lightning hits the building and Daniel jumps as the power flickers and the thunder makes a giant clap, he doesn't notice that something went wrong while downloading*

Daniel: I can test it now

The robot starts to move while Daniel starts to pick it up

Daniel: what the

Doc Oc: hey don't touch me

*Daniel stares at the robot and Clara walks in the room looking confused*

Clara: what are you looking at

Daniel: the robot totally didn't come alive

Clara: what

Daniel: yeah

Clara: I'm sure it will be fine let's just go the competition tomorrow and let's not tell anyone

Daniel: \*unsure\* ok

---

announcer: and red wins by disqualification

Ref: because blue broke rules of

- Don't cross the Autonomous Line
- No Trapping for more than 5 seconds.
- Don't destroy other Robots.

Doc Oc: WHAT

*Doc Oc shoots a disc at the ref but only it only stings him a little bit then it sees the team and proceeds to have an existential crisis because it wants to shoot the team but realizes they created it Doc Oc runs away from the competition Daniel, Clara, and Luis run after Doc Oc*

Clara: where is that robot

*Doc Oc comes from around a corner holding a disc*

Doc Oc: sorry

Clara: it's okay but what's not ok is you hurting people because you lost, we learn from the experience of losing to get better

---
