

# **BUILD FUTURE WORKERS**

Gideon, Jojo, King, Queen, Lowena, Carmi

55692B

We centered our project on how robots are today's work, but tomorrow's workers, given the fact that in the future, most jobs will be taken up by robots to encourage safety for human workers and efficiency of the work done. We made our poster digitally to show that work done by computers and machines are much more efficient due to human error. We also made our poster digitally because digital work has very limited risks compared to hardcopy work. The background of our poster represents the strong bond between the humans and the robots which shows togetherness and unity.
