Why We Joined

our team joined for their own, individual reasons. Lila Lloyd joined because she wanted to get experience with teamwork. Brooklyn Arnold joined to learn and make friends. Ethan Baldwin joined because he enjoys building robots. Stephen Powell joined because his older brother, Daniel Powell influenced him to join VEX. However, without a doubt, our coach influenced us to join the most. Coach Baldwin is our idol. She shows generosity, compassion, love, and always extends her hand to others on and off the field.
