

VEX

ROBOTICS
COMPETITION

JOIN VEX ROBOTICS!

Design

Design what your robot can do. Use critical thinking to create a plan before building your robot.

Program

Write code that commands your robot to complete set tasks that will help boost your performance in competitions

Build

Construct your robot and bring your design to life using VEX parts.

Compete

Compete in VEX competitions, make strategic decisions, drive your robot, help others compete, and have fun
