

Why Robotics?

Submission Title: Why Robotics?

Team Number: 6441H

Location: Miami, Florida

Students: Francisco Waters, Alejandro Garcia, Gabriel Muller-Marques, Sebastian Rosales

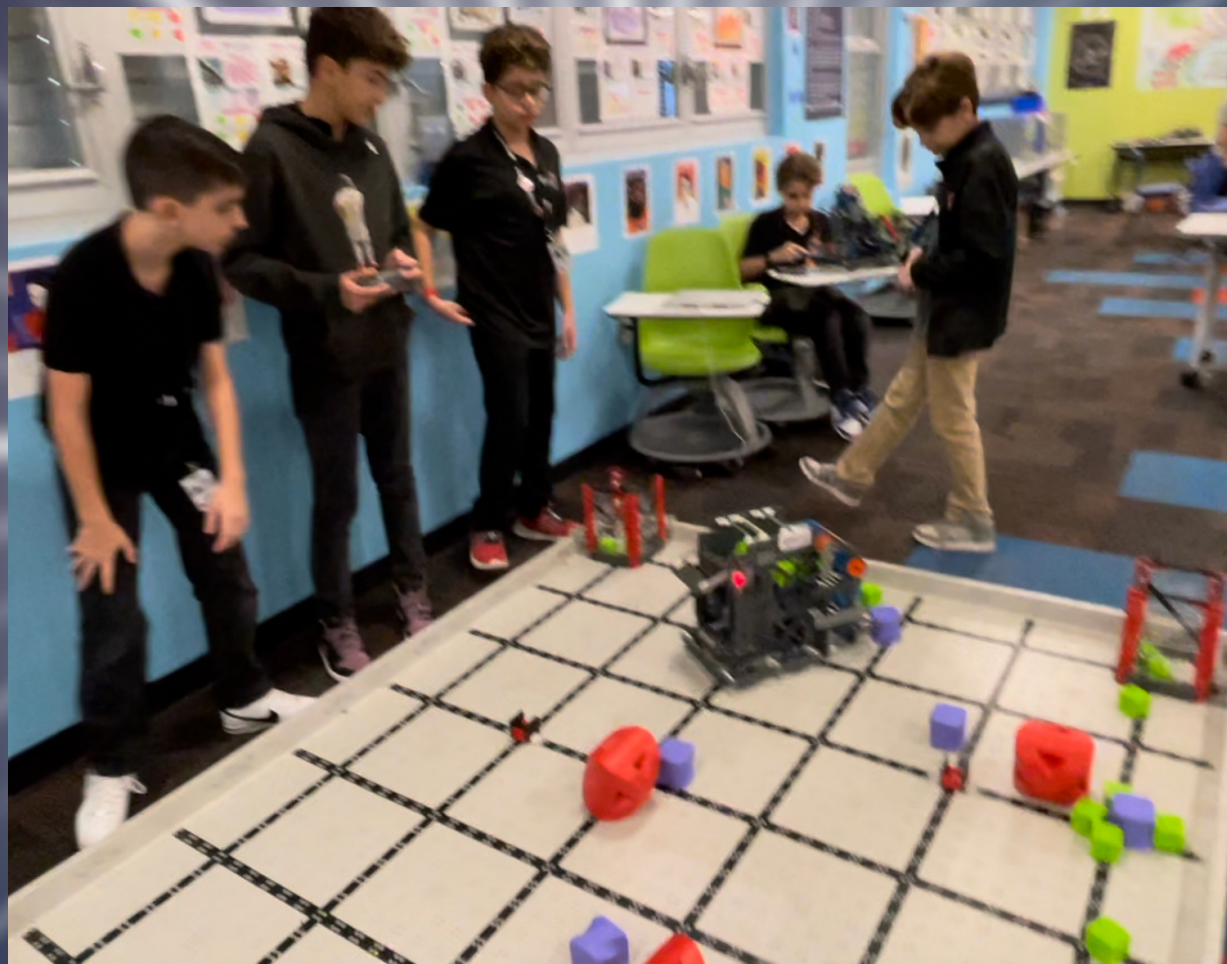

We came up with this design for this poster because we thought that not enough people appreciate robotics and we wanted to show what robotics really is about.

WHY ROBOTICS?

VEX IQ

VEX IQ Robotics is a fun opportunity to learn building and programming skills!

Working with a team is a great opportunity to make new friends and improve your teamwork skills!

You can expand your Science, Technology, Engineering, and Math skills through VEX IQ Robotics!

Look for local teams through the REC Foundation!
Don't forget to have fun!
