

Title: Love for Robotics

Names of Students: Aldiyar, Carter, Christian, Emilee, Geovanni, Jayden, Mikayeel , Tyler

Team Number: Vintage Team 91343D

Location: Vintage Magnet Elementary School, North Hills, California

Description:

We are Vintage Team 91343D from North Hills California. This picture shows how much our team loves VEX and our passion for our robot. We chose this picture because when our team gets together, we all have smiles on our faces and we get excited to learn about robotics. Most importantly we get excited to be with each other. From the first time that we met our entire team made friends and we all got along. This shows how much we really love VEX and how much we care about our teammates.
