

PURDUE SIGBOTS

Raising The Next Generation To New Heights

Created by: Joe Lach, Jacob Zawacki, Conner Siebert

West Lafayette, Indiana

For years now, the Purdue SIGBots have focused on giving back to our community. This year, we've hosted 2 blended VRC competitions to give the best experience to VRC students that we could. This photo was taken during a pause in the competition where our members had a break from volunteering. We hope to bring all students to the heights of H Tier.
