

Blocks and the bot

We are HBS Legacy (10173C), and our members are: Shriya, Ria, Oishani, Robyn, Nitya, Aalia and Abbirami. We are from London, United Kingdom.

Title of submission: Blocks and the Bot

Team: HBS Legacy 10173C

Members: Ria, Shriya, Abbirami, Aalia, Robyn, Nitya, Oishani

Location: London, United kingdom

We chose to represent our team using this image because, since the aim of Full Volume is to score blocks of different sizes, we can show the diversity of the blocks as well as the diversity of the team. The robot is made of varied VEX IQ parts, and we show these too. This photo, in our opinion, showcases how diverse our team is by showing the different blocks and the robot we all contributed to.
